

LXE AND RF PATHWAYS SIGN PARTNERSHIP AGREEMENT

LXE AND RF PATHWAYS EXTEND THE AVAILABILITY, EFFICIENCY AND IMPACT OF MISSION CRITICAL
MOBILE TECHNOLOGY SOLUTIONS.

Mississauga, ON – December 15, 2009. RF Pathways, a leading warehouse management software company, and LXE, a leading developer of rugged mobile computing solutions, announced today a partnership agreement that will extend the availability, efficiency and impact of mission critical data collection barcode solutions.

With this partner status, RF Pathways can now offer LXE's rugged handheld, wearable and vehicle-mounted mobile computers to its broad customer base across Canada. "RF Pathways has been helping customers make the most of their technology investments for the last 19 years," says Gordon Smith, Vice President and General Manager for RF Pathways. "By adding LXE wireless rugged computers to our solutions portfolio it enhances our ability to provide the best solution to meet the needs of our customers."

"We're pleased to have RF Pathways as part of the PartnerPASS program", states Todd Baillie, LXE Distribution Channels, Americas. "LXE customers will benefit from RF Pathways broad offerings, including product, service, software and support throughout every stage of the technology lifecycle."

About LXE

LXE, a division of EMS Technologies (NASDAQ: ELMG), is a leading manufacturer of rugged vehicle mounted, handheld and wearable mobile computers. LXE helps companies extend corporate networks to mobile workers in demanding conditions by providing easy-to-use, tough and reliable wireless computers. LXE products are used by organizations worldwide to drive down costs and improve customer satisfaction. Visit www.lxe.com or www.ems-t.com for more information.
